SECOND SUPPLEMENTAL INFORMATION DISCLOSURE STATEMENT

UNDER 37 C.F.R. § 1.97(c)

Pursuant to 37 C.F.R. §§ 1.56 and 1.97(c), Applicants bring to the attention of the Examiner the documents listed on the attached PTO 1449 Form. This Information Disclosure Statement is being filed after the events recited in Section 1.97(b) but, to the undersigned's knowledge, before the mailing date of either a Final action, Quayle action, or a Notice of Allowance. Under the provisions of 37 C.F.R. § 1.97(c), please charge the fee of \$180.00 as specified by Section 1.17(p) to Deposit Account No. 19-2570.

Applicants resubmit the following U.S. Patents and U.S. applications for the Examiner's specific consideration of possible double patenting rejections. To facilitate the Examiner's review of these documents and avoid the wasteful reproduction of specifications, Applicants submit only the claims issued or pending in these matters, but provide the patent number or serial

number in the chart below. Should the Examiner wish copies of any of these documents, please advise the undersigned at the number below.

Applicants respectfully request that the Examiner consider the listed documents and indicate that they were considered by making appropriate notations on the attached form. Should the Examiner conclude that any of these claims form the basis of a double patenting rejection, the Examiner is invited to contact the undersigned to discuss the possible filing of a Terminal Disclaimer.

This submission does not represent that a complete search has been made or that no better art exists and does not constitute an admission that each or all of the listed documents are material or constitute "prior art." Applicants reserve the right to present to the Office the relevant facts and law regarding the appropriate status of such documents.

Applicants further reserve the right to take appropriate action to establish the patentability of the disclosed invention over the listed documents, should one or more of the documents be applied against the claims of the present application.
